

Textile Transfer Films

Xpres are the textile transfer film specialists, offering a superb range of films to suit different applications and fabric types for your vinyl cutter.

Available in a huge choice of colours and finishes including metallic, fluorescent and reflective, all Xpres transfer films provide superior performance and durability wash after wash. Our fashion range features 13 different finishes including snake skin, foil, jeans, carbonium and paint for producing stunning eye-catching transfers.

So, whether you're applying a transfer to sportswear, workwear, school uniform, fashion garments or even an umbrella, we've got the right film for the job.

Colours shown are as accurate as the printing process allows and should be used for general guidance only. All cutting forces have been taken using a new blade and can differ from cutter to cutter. Use the "TEST" button on the cutter to obtain the correct depth by starting at the recommended minimum depth stated and increasing in increments of 10gf.

The sellers and manufacturers maximum obligation shall be to replace any product that has been proven to be defective. Neither the seller nor the manufacturer of any Xpres transfer film shall be liable for any injury direct or consequential, arising out of the use of, or inability to use this range.
